

I am writing to ask that you not allow LPFM stations to take priority over the translator service currently used by my local station 100.1 K-LOVE. This station is a Christian music station and is the only station that my family listens to. This station is the only popular Christian music station in our area and the loss of this station will leave my family and the local Christian community without a station that we feel comfortable allowing our children and teenagers to listen to. K-Love does not broadcast any content that is offensive to our values and it does not air commercials for any products or services that our family or community does not want to be exposed to. K-Love is totally listener funded and is a vital part of our family and community.
